***Fiscal Year 2021 RPO Work Program (WP) Highlights***

The Work Program (WP) describes the transportation planning work that will be performed in west Alabama using federal transportation funds. The WP includes the schedule and budget for the planning work.

- Major work items
  - *RPO Long-Range Transportation Plan 2021 (LRTP)*
  - *West Alabama Coordinated Public Transit Plan - 1<sup>st</sup> Year Report*
- WARC Budget \$75,625 (80% federal - 20% local)
  - Same budget as the current year
  - No planned equipment replacement

**Current Vision Statement and Goals  
from the  
RPO Long-Range Transportation Plan (2016)**

The West Alabama Rural Planning Organization (RPO) adopted a vision statement and three goals to help guide the transportation planning process. The RPO intended for the vision statement and goals to apply to the development of the long-range transportation plan but also to all RPO activities.

**2.1 Vision Statement**

West Alabama will have a well-planned, safe, effective transportation infrastructure that helps sustain and promote a fulfilling quality of life and a strong, competitive economy, which will be attractive to industry and result in future economic development.

**2.2 Goals**

The goals were taken from the Moving Ahead for Progress in the 21st Century Act (MAP-21) signed into law in July 2012.

- (1) Safety - To achieve a significant reduction in traffic fatalities and serious injuries on all public roads
- (2) Infrastructure condition - To maintain the highway infrastructure asset system in a state of good repair
- (3) Congestion reduction - To achieve a significant reduction in congestion on the National Highway System
- (4) System reliability - To improve the efficiency of the surface transportation system
- (5) Freight movement and economic vitality - To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development
- (6) Environmental sustainability - To enhance the performance of the transportation system while protecting and enhancing the natural environment
- (7) Reduced project delivery delays - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices
