Second: Mr. Ponds  
The motion passed

- d. 2050 Long Range Transportation Plan (LRTP) – Projects that support Strategies**  
The Committee reviewed the provided information

- e. Proposed CTAC recommendation to MPO policy – CTAC/TCC coordination process improvement**  
The Committee reviewed the following resolution:

### Motion from CTAC to the MPO

The members of the Citizens Transportation Advisory Committee (CTAC) are an advisory committee to the members of the Metropolitan Planning Organization (MPO). The members of CTAC take great pride in furnishing accurate and timely recommendations to the MPO. These recommendations are made in motion form to the MPO at the bimonthly CTAC meetings. In order to provide educated and accurate recommendations, CTAC members rely upon State, City and County staff members of the Technical Coordinating Committee (TCC) to update the CTAC members.

**Be it resolved** that members of the MPO encourage the Technical Coordinating Committee members of each organization to provide timely updates to the projects under their jurisdiction. These updates should be provided to West Alabama staff at least two days prior to the CTAC meeting if the updates are by paper or electronic communication. Attendance at the CTAC meeting by TCC members is encouraged (to answer questions which may arise).

- f. Other items as needed**  
Not applicable

- 8. Invitation to persons at the meeting wishing to be heard on matters not included in the agenda**  
Not applicable

- 9. Adjournment**  
The meeting adjourned at 2:19 p.m.

MPO Policy Committee

# Transportation Systems Management and Operations (TSMO) February 2024

## Current Projects

- McFarland Boulevard project – New ITS system.
  - New traffic Cameras
  - New digital message signs
  - Connected to the Traffic Management Center (TMC)
- ALDOT Regional Traffic Operations Program (RTOP) – Signal operations and maintenance project.
  - 225 signals upgraded
- West Central Alabama Advanced Connected Transportation Infrastructure and Operations Network (ACTION) – ITS deployment project along I20/59 from MM 68 to exit 89. 150 devices now online.
  - Fiber optic installation
  - 74 traffic cameras
  - Will create the ability to use radar technology for data collection
  - Will prepare the system for connected vehicle technology
- Alabama Service and Assistance Patrol (ASAP) – Stranded motorist assistance.
  - 2 vehicles patrolling I20/59 from MM 68 to MM 100
  - Monday through Friday 6:00 AM to 10:00 PM
- Smart Communities and Innovation Building – Co-habitated Traffic Operations and Research Center. Building now open
  - Located on the campus of the University of Alabama
  - University of Alabama - Alabama Transportation Institute (ATI)
  - ALDOT - Traffic Management Center (TMC)
  - City of Tuscaloosa – Traffic Operations
  - Alabama Power and Mercedes-Benz - Alabama Mobility and Power Center (AMP Center)
    - Grant Awarded - \$10,000,000 for electric buses to begin process of transitioning campus bus fleet to electric
- SR-69 in Northport from 5<sup>th</sup> Street to McFarland Boulevard - Access Management and Streetscape project

## Balance Sheet for the Surface Transportation Attributable Funding Category In Total Funds (80% Federal and 20% Local)
